

IMPROVING DEMOCRACY THROUGH DIALOGUE AND PARTICIPATION

Stockholm, Sweden, 17th-18th May 2018

Participatory Budgeting and dialogue with young people in Portugal

Nelson Dias

CONTEXT

individualism and competition

A large, diverse group of students is seated in a lecture hall, filling the frame. The image has a blue tint. Overlaid on the center of the image is the text "democratic illiteracy" in a bold, dark blue, sans-serif font. The students are looking in various directions, some towards the camera and others away. The text is split into two lines: "democratic" on the top line and "illiteracy" on the bottom line.

**democratic
illiteracy**

A group of diverse children are smiling and making peace signs, overlaid with a semi-transparent yellow filter. The text "incapable and immature" is centered over the image in a bold, black, sans-serif font.

Budget value

It is five hundred euros in the case of schools with less than 500 students. Alternatively, for schools with more than 500 students, the value is equivalent to € 1 for each student.

Project typologies

Improvement interventions in the school, through the acquisition of goods and / or services that are necessary or convenient for the improvement of the school space, or aimed at improving the teaching-learning processes and from which it can benefit all the school community.

Conditions of eligibility

Each proposal must:

To be presented by a student or by a group with a maximum of 5 students;

Be voted by a minimum of 5% of students who attend school.
