## What Works Principles for PB.

In 2015 the What Works Scotland Programme produced a collaborative paper where it gave some alternative principles for PB. These were:

Principle 1: PB is a long-term endeavour.

Principle 2: PB requires strong leadership, time and resource.

Principle 3: PB should be independently facilitated.

Principle 4: PB enables an authentic representation of community interest.

Principle 5: PB should be a new and distinct approach.

Principle 6: PB must utilise existing community groups.

Principle 7: PB must be clear what form of democracy it will take.

Principle 8: PB recognises the challenges in engaging socially excluded citizens.

Principle 9: PB has realistic expectations of community representation.

Principle 10: PB allocates reasonable funding to a limited number of projects.
