Methodology

CYCLE OF DECISION

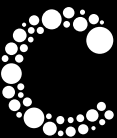

The whole process can be followed by everyone at www.cascaisparticipa.pt

1

Preparation of the process

Rules evaluation and communication strategies

2

April
May

RECEPTION OF PROPOSALS

9 sessions are organized – 2 in each district (one in English/French and Portuguese and in sign language)

The sessions always take in account accessibilities

2

April
May

RECEPTION OF PROPOSALS

1. The participants gather around tables where they present their ideas or projects.
Each group has a moderator working with the organization as a volunteer.

2. After voting only two projects come out of each table.
One spokesperson will explain the project before a plenary of the participants.

2

April
May

RECEPTION OF PROPOSALS

3. After the presentation of each proposal and respective placement in one of the walls

4. Each citizen will vote in 2 different proposals (one from the heart and one coming from reason).

3

May
September

TECHNICAL ANALYSIS

Cost: each project cannot exceed 300.000,00 €

Time: it should be concluded between 24 and 36 months

Area: The ownership of the property is evaluated + competence + interest of services are evaluated as well as under way municipal plans

Maintenance: The costs of maintenance and future management are evaluated

4

VOTING

Since 2012, and until 2017, the vote is done by SMS.

It's easy and practical.

One telephone number two votes. (different areas)

October
November

5

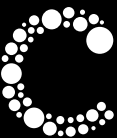

RESULT PUBLICITY

November

The most voted projects will be carried out. The remaining will be sent into an idea bank.

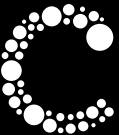

IMPLEMENTATION CYCLE 2 OR 3 YEARS

PROJECT EXECUTION RATE

- Framed in a participation strategy
- High political commitment
- Cross-cutting project for all municipal services
- The most voted in Portugal and in percentage one of the most voted in Europe
- Citizens participate in all stages of the process (from proposal to implementation)
- High 95% execution rate
- Largest financial budget in absolute terms €6.2 million and represents 18% of municipal investment
- Dedicated team
- Face-to-face and online proposals
- Vote by SMS
- Requires the use of 2 votes in different proposals in the public sessions and in the final process
- It has the possibility of 2 Yes votes or 1 No vote
- Projects in municipal competence areas or others competence areas
- It has external advisers and on-going evaluation
- it was replicated in more than 10 Portuguese cities
- It's being replicated in 3 cities of Africa and 2 in Europe, 1 in America, 1 in Asia

A smart city is a democratic and participative city designed through collaborative planning e public participation.

A smart city combines a participative and representative democracy and is the result of the active responsibility of each one of us.
